

BOARD ACTION

June 9, 2009

DIRECTED	The Board decided to change the workshop that was scheduled for July 7 to July 14.	CADWELL
APPROVED	Ms. Cindy Hall, County Manager, asked for approval to fill the position being left by Deborah Boulware, County Extension Service Director, and related that the University of Florida has made an appointment on an interim basis of an in-house individual and that she needed authorization to let them know to proceed with that.	HALL
APPROVED	Ms. Hall stated that Mr. Bobby Bonilla, Director of Parks and Trails, has requested four maintenance positions, and she asked for consideration to move forward with two of those at this time, giving first consideration to the individuals that were laid off on Friday, June 5 if they were found to be qualified for those jobs. She also related that the Public Defender had an Office Associate position that was part of the Early Intervention Program and that he would interview any qualified candidates from those laid off first, and then recruit externally if needed. She stated that they would also have two vacancies in probation, and she asked for approval to do an internal transfer for that position.	HALL
