INSTRUCTIONS

Step One: Filing the Application

1. Enter the applicant's name, indicate if owner, agent or other, and provide a mailing address and telephone number.
2. Indicate if this accompanies an application for a Development Order or permit, or if this is an inquiry only. The review of each is identical, as is the processing fee. The results of reviewing an application are binding on the County, the results of processing an inquiry are only advisory (not binding on the County). Inquiries are usually requested by persons wishing to analyze a potential development.
3. The Land Use Category corresponds to the property from the Future Land Use Map. If you are requesting a change in Land Use from that on the currently adopted Future Land Use Map, the concurrency test will be performed as advisory only; pending the decision of the Board of County Commissioners regarding the requested amendment to the land use category of the property.
4. Briefly describe the nature of the project.
5. Provide the Alternate Key number for the parcel(s). This number is found on the Property Record Card as issued by the Lake County Property Appraiser's Office. Please provide a current Property Record Card with the application.

Step Two: Analysis

Once a complete application is filed with the Department of Growth Management, the application is processed and routed to the reviewing departments. After the analysis is complete, the applicant will receive from the Department of Growth Management a statement of whether or not there are sufficient public facilities for the development.

If facilities are available, this statement will indicate the fees required from the applicant to reserve capacity of these facilities.

The applicant will have ninety (90) days from the date on the statement to pay the reservation of capacity fees. After these ninety days have elapsed, the concurrency test must be applied for again.

Reservation of capacity must be paid prior to the issuance of any final development order.
